Update a lane

PATCH /io/board/:boardId/lane/:laneId

Update a lane.

Requires authentication with at least board manager role on the board specified.

Request Properties

Param	Type	Usage	Default
`title`	string	Set the lane title on the board	
`type`		*not supported.* This property is no longer used and may be removed	
`description`	string	Set the "lane policy" which is viewable when clicking the "i" on a lane. Expects html.	
`wipLimit`	integer	Set the work in progress (WIP) limit. Appears in the top right of the lane title	
`isDefaultDropLane`	boolean	Set to 'true' to use this lane as the default drop lane when adding cards. There can be only one default drop lane.	
`isConnectionDoneLane`	boolean	Deprecated in favor of `cardStatus: finished`	
`cardStatus`	string	`notStarted`, `started`, or `finished`	

For the body, you need only include the properties that you wish to edit. Properties not specified will not be changed.

Example Requests

Setting a lane as a 'done' lane

```
{
  "cardStatus": "finished"
}
```

Updating the lane's title and description

```
{
    "title": "new lane title",
    "description": "the new lane policy"
}
```

Example Successful Response

200 Success

```
{
    "id": "10105826895",
    "boardId": "10100193219",
    "title": "Under Review",
    "type": "inProcess",
    "cardStatus": "started",
    "description": "<p>How to use this lane</p>",
    "wipLimit": 5,
    "isDefaultDropLane": false,
    "isConnectionDoneLane": false,
    "sortBy": "priority"
}
```
